

Robotics

1. Go to the ICRA 2017 web site. Identify the sessions, workshops, tutorials, and other events you would have liked to attend.
2. Choose one of the papers you're interested in. Write a 2-page description of the research, and what you think you might like to work on.

Create a pdf document for your work, and hand in your assignment by typing on a CADE machine:

handin cs3020 assignment1 assignment1.pdf

Alternatively, use the web-based handin:

<https://webhandin.eng.utah.edu/index.php>
