Assignment 3.8.1: Computer Science Presentation Notes

Notes

During oral presentations you are expected to listen and take notes. Notes should include the following for each presentation:

- Presenter's Name
- Brief description of the topic
- Questions that you have for the presenter

After each presentation there will be time for 3-5 questions. Each student must ask at least two questions during the class period.

Rubric:

Notebook entries for at least 10 presentations (8 points)
Ask at least two questions during class (2 points)
